Report of the Warm Hub Working Group to the Parish Council

November 2024

Following Paul Ashdown's kind offer of a grant from his Locality Budget for the full cost of running a monthly session from November 2024 to April 2025, an application was submitted to East Suffolk Council for an Enabling Communities Grant. This was successful and the full amount of £600 was awarded and has been received.

We have a full programme of activities commencing on Monday 4th November, as follows:

4th November	Nanna Ley – Danish Christmas Cookery Demonstration
2nd December	Green & Environmental Group – Winter Wildlife
13th January	Ivan Bunn – Talk on Samuel Morton Peto
3rd February	Sally Phillips – Art Class with Pastels
3rd March	Gardeners' Question Time with Bob Coutts
7th April	Radio Daze – Variety show

Leaflets with the above information have been delivered to all households in the Parish and our thanks go to Simon Phillips and Chris Reynolds for their help with this. Paul Ashdown and East Suffolk Council's generous support has been acknowledged on the flyers and the posters that have been placed on the Parish noticeboards.

We are grateful to the volunteers that have offered to assist us with these sessions – Julie Reynolds, Deborah Reed and Jenny Anderson
