GREEN AND ENVIRONMENT GROUP

Our group as well as the village has said “au revoir” to Gerda – under her leadership the Group has thrived with many ground breaking initiatives – we have had nature walks, a bat walk, Green Day, Give and Take Day, a bug hotel, Dark Skies Village status, Warm Hub session with advice on wildlife in the winter, building closers links with the Primary School and Pre-School, Recycling talk – sure I must have missed something? Thank you so much Gerda – we wish you well.

Our Spring Nature Walk was a huge success so much community support – we shall be planning further events to emphasise the environmental issues and how we need to work towards a green and sustainable future.

We welcome Sally Phillips to our Group – she brings with her a wealth of experience and will be an asset.

Doug Owen. 24 June 2025.
