- The overflow pipe from the pond is close to one of the access points and gets blocked by vegetation

Suggested Procedure Going Forward

1.Call a community meeting to raise these concerns, hear points of view and possible ways to address the problem. E.g.

- Indivdual households compost their own green waste
- Burn their waste
- Rent a green bin from the East Suffolk Council. Cost £50 p.a. Collected every fortnight
- Take green waste directly to Lowestoft Recycling Centre South Lowestoft, or Caister Recycling (no booking required)
- Erect a Fence along The Street

2. Contact the Somerleyton Estate to discuss concerns propose fencing along The Street.
