Report of the Warm Hub Group to the Parish Council
March 2026

On February 9th, we welcomed the Parish Council's Green and Environment Group who had information and advice on the advantages and importance of supporting wildlife in gardens. Ideas on creating a small pond, making wildflower "bombs", which plants deer don't like (not many) and managing feeding birds were all discussed. The Men's Shed presented their bird boxes and hedgehog houses.

Once again - Attendance figures were good with 35 people signing in.

On Monday March 9th there will be a presentation by Magistrates in the Community – an opportunity to learn more about magistrates and the justice system.
The subject is, "Introduction to the Magistracy" and the audience will be turned into magistrates for one case to offer an insight into how magistrates work together.

Contemporaneous accounts have been maintained and after allowing for the village hall rent up to the end of the season, we are currently £354.56 in credit.
Payments will be due to the Magistrates Association and the speaker for our final session in April together with the cost of refreshments for March and April.
